TRIBUTE TO MRS. EUNICE L CLARK

35 years ago, one of our faithful citizens was elected as a Trustee of the Nichols Memorial Library. That citizen served as its Treasurer during all these 35 years until 1979, when she decided not to seek re-election.

I feel that we should give a rising vote of thanks to MRS. EUNICE L. CLARK who has performed her duties with complete dedication to the Town of Kingston and on a completely volunteer basis.

On behalf of the Town, I say thank you.

The Books have been audited by Joseph J. Giordani, C.P.A., and a report will be issued at a later date.

The year 1979 shows an increase of \$12,734.50 in vehicle receipts and an increase of \$2,800.60 for dog licenses. Total 1979 dogs licensed was 747, plus 16 kennels - an increase of 179 dogs and 2 kennels. Thanks to Dick and Brenda Samoisette for their superb cooperation. REMEMBER - dog licenses are due annually on May 1st and after June 1st, there is a penalty of \$1.00 per month added. Please help your dog to be clear on the books.

I was very pleased to be able to get the Motor Vehicle Mobile Sub Station to come back to Kingston once a month, as soon as the State funded it again. This is a help to everyone, and it has again been an overwhelming success. Please contact me early in the month to make arrangements to get your vehicle renewed and get the new decals.

During 1979, I accepted the Voter Registratioions for 156 residents. Thanks to the three Supervisors for their excellent cooperation. The absentee ballots for Town Meeting totalled 69. In 1980, there will be four elections: Presidential Primary Feb. 26; Town Meeting March 11; State Primary Sept. 9;

General Election Nov. 4. The polls are open 10 a.m. to 7 p.m. in the downstairs of the Town Hall. It is a pleasure to work with Attorney Richard L. Russman, Moderator, and thanks to all the ballot clerks and counters who are an important part of any election.

Many thanks to the voters for passing the articles which I submitted in 1979. I was able to purchase a small desk, typewriter and calculator. Later one, my old adding machine broke down and it could not be repaired. Since I still had a small balance left, I was able, with the Selectmen's approval, to purchase a small machine to replace that one - with no extra expense. My biggest problem is lack of space in which to work.

I have again represented Kingston at the Executive Board meetings of the New Hampshire City and Town Clerk's Association, which are held in Concord once a month - always learning and studying new laws and procedures, to better serve you. On several occasions, I have substituted for the Secretary of the Organization. Our very successful Seacoast Regional Meeting was held at the Ashworth By The Sea, Hampton Beach, on October 10th. There will now be two Regional meetings per year - one in October and then another one in the latter part of March. This is to help answer any questions for newly elected Clerks and to keep all Clerks better informed of any changes. I also represented Kingston at the Town Clerk's Convention in August at the Mt. Washington Hotel. Many thanks to all those who donated door prizes. Each winner was supposed to send a personal thank you, but if none was received, please accept my heartfelt thanks for each gift. Kingston was one of the best represented Towns or Cities.

I wish to express my sincere appreciation to the Selectmen, Treasurer and all other Town Officers for their excellent cooperation during 1979, and especially to Mrs. Rochelle Forester, part-time Deputy Town Clerk, and to my daughter, Holly, part-time Office Clerk, who both give me alot of assistance in my office. They are ready to serve in case of illness or accident.

As I continue to serve the people of Kingston to the best of my ability, it is still a pleasure to try to help every citizen in any way possible.

Bettie C. Ouellette
Town Clerk

REPORT OF THE TRUSTEES OF TRUST FUNDS 1979

In 1979, the membership of the Board of Trustees was increased from three to five in accordance with approval at the Town Meeting and the later amendment of State law to permit five members. The Selectmen appointed Robert B. Kitt for a term expiring in 1981 and Roger E. Nason for a term expiring in 1980. When these terms expire, the vacancies will be filled by elections for 3-year terms to maintain a Board of five members.

The Board has established the first Thursday of each month as its regular meeting date and all meetings are open to the public in the Trustees' Room in the Town Hall basement.

Trust Funds

A summary of trust fund accounts is given in the pages accompanying this report and the detailed records of individual perpetual care cemetery trust funds may be seen on request. Copies are filed with the Selectmen and the State.

As this report is written (December) the Trustees are aware of the opportunities for increased earnings by investing funds at higher interest rates, but the advantages have to be weighed against penalties incurred for withdrawing funds from long-term investments. Nearly all funds are now invested in certificates of deposit for terms ranging from one to eight years.

Cemeteries

In addition to regular maintenance, several improvements have been carried out in 1979, following consultation with a Garden Club Committee and appropriation of funds at the Town Meeting.

New evergreens and trees were set out in Greenwood and Pine Grove cemeteries by Richard W. Senter and additional plantings are planned for 1980. Road improvements and regrading were carried out in Pine Grove and a drywell installed to eliminate winter and spring ponding. Some areas were reseeded. A prefabricated tool shed was purchased for Mill Stream Cemetery. The old Noah Robinson Cemetery on Route 111 was cleared and graded and stones re-set.

In 1979 there have been 4 lots sold in Greenwood, 8 lots in Pine Grove and 2 lots in Mill Stream, with perpetual care funds

established for all. In addition, a \$500 endowment was established by the estate of Elsie Day for the Henry Chick lot in the Plains Cemetery.

Two monuments in Greenwood were overturned at the Halloween season and two stones in the Plains Cemetery broken early in the summer from unknown causes. All have been restored.

Maintenance work at Mill Stream and Happy Hollow (South Kingston) was performed again by George W. Leate. The other cemeteries were cared for by Donald H. Nason, using part-time high school students for assistance. All were kept in excellent condition.

Respectfully submitted,
Robert B. Kitt - Appointed 1979
Roger E. Nason - Appointed 1979

Served since 1953 - Rodney M. Wilson

**AUDITOR'S REPORT
JOSEPH J. GIORDANI
CERTIFIED PUBLIC ACCOUNTANT
EXETER, NEW HAMPSHIRE 03833**

Board of Selectmen
Town of Kingston
Kingston, New Hampshire 03848

I have examined the financial statements of the various funds and groups of accounts of the Town of Kingston for the year ended December 31, 1979. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

The Town of Kingston has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In addition, our auditors report will contain dual dating for purposes of presenting our opinion for the Town report and another for our report. The exceptions within this report are due to the absence of notes to the financial statements as well as unreturned confirmations from clients and legal counsel and other miscellaneous correspondence, as yet unanswered.

As described in the notes to the financial statements the Town of Kingston prepares their financial statement based upon the prescribed manner instituted under governmental units. These practices differ in some respects from generally accepted accounting principles, (described in notes to the Financial Statements).

In my opinion, the financial statements listed above present fairly the financial position of the various funds and group of accounts of the Town of Kingston at December 31, 1979, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles applicable to governmental units as noted in the preceding paragraph, applied on a basis consistent with that of the preceding year.

Respectfully submitted,
Joseph J. Giordani

NICHOLS MEMORIAL LIBRARY REPORT

National Library Week in April was observed with an art display by the area artists, and a wine and cheese party sponsored by the Friends of the Library. We had sixty paintings in oils, acrylics and chalk. The paintings were excellent and I hope that we might plan this as an annual event. The artists donated money with which we purchased three art books.

"The Joy of Photography" and the "The Architectural Heritage Of the Merrimack" were given in memory of Halton Erne.

Mrs. Carol Rich and The Friends of the Library provided exciting summer programs for the school children.

Mr. James Penney's Woodworking Class at Sanborn Regional High School made oak shelving for the adult library. We are bulging at the seams and the new shelving is much appreciated.

The staff has participated in library workshops relating to the National White House Conference, Washington, D.C., public relation meetings sponsored by the New Hampshire State Library and book selection meetings by the local libraries.

My thanks to the Friends of the Library, The Kingston Garden Club and our young library aides for their contributions.

Respectfully submitted,
Janet Merrick

KINGSTON CONSERVATION COMMISSION 1979 Annual Report

The Kingston Conservation Commission has had an especially productive year in 1979. However, being short-handed the entire year has caused the five members to double the work load. We continue to make a plea for townspeople to join us in taking an interest in the conservation aspects of town management.

The Conservation members worked on these sub-committees.

On-site Sub-division Surveys

Wiley Baldwin

Richard Sanders

Dredge and Fill Inspections

Virginia Morse

Wiley Baldwin

Gravel Pit Inspections

David Mayhew

James Weader

Land Acquisition and Land Management

David Mayhew

The Planning Board asked the Commission to join them in five (5) on-site sub-division inspections. Several of these were large sub-divisions requiring a great deal of work before a workable plan was accepted.

Seven (7) dredge and fill applications were reviewed and inspected. Also three (3) dredge and fill complaints were investigated.

Throughout the year all the gravel pits have been inspected as operators' permits have expired. Many Kingston gravel pits have been in operation for years before the Gravel Pits Ordinance was adopted by the town. Progress has been slowly but steadily made to bring these businesses into line with the Ordinance. Recommendations about each pit are submitted to the Selectmen.

In June, 1979 William Rosenau was sent to Conservation Commission Camp for two weeks. This is a fine camp run by the Society for the Protection of New Hampshire Forests and it is the first time in several years that the Conservation Commission has had anyone take advantage of this

opportunity.

Several special meetings sponsored by the Society of Protection of New Hampshire Forests, Southern Rockingham Regional Planning Board and local conservation commissions were attended by the members of the Kingston Commission.

The initiative and hard work of the Commission members along with the cooperation of the Planning Board, Southern Rockingham Regional Planning Board, the Society of Protection of New Hampshire Forests and the Selectmen made possible a Conservation Easement Agreement with Phoenix Reality Trust. This is a first for Kingston, and possibly all of the Southern Rockingham region. Under the guidelines of a Conservation Easement Agreement, a land owner who wants to sub-divide a parcel of land with a large amount of prime wetland can sell a full-sized lot, but the buyer is limited as to the use of the wetland portion of his property. The Kingston Conservation Commission accepts the responsibility of inspecting these wetland parcels twice a year.

Several parcels of land have been offered to the town as land grant gifts. Any land gifts that are investigated and felt valuable for the town to own as open, public space will be offered to the town members in the form of a warrant article for vote at Town Meeting. The Kingston Conservation Commission urges your support on these Warrant Articles as a great deal of effort has been put in before suggesting they become town property.

The Kingston Conservation Commission manages town-owned land. The survey of some of these parcels was completed in 1979 by Charles Martin Associates with the funds voted on last year. Now that these parcels have been defined, the aim is to make them available for you for hiking, skiing and other outdoor recreational uses.

My thanks to all of the hard-working members of the 1979 Commission. Many hours were spent in the field, at regular and special meetings and at meetings of other boards requiring conservation input.

Respectfully submitted,
Virginia Morse, Chairman

1979 REPORT OF KINGSTON POLICE DEPARTMENT

The Kingston Police Department is comprised of the following 11 men who are ready to serve their community: full time elected Police Chief, Neil R. Parker Sr., full time appointed officer, Lt. Norman M. Bower, two elected Police Officers, Donald W. Briggs, Jr. and Glenn P. Miller and seven Special Police Officers, Sgt. Robert H. Wunderlich, John Flanders, Thomas Maxwell, Richard Samoisette, Nicholas Sarcione, Robert Stevenson and Richard Talham. (Officers Flanders, Maxwell and Stevenson completed the Part Time Police Officers Training this year.) Also on the Department are two Matrons, Sandra Costa and Dorothy J. Wunderlich and one Dog Officer, Richard Samoisette.

During 1979, the Police Department responded to 15,352 Police related calls, 137 traffic accidents and patrolled over 105,000 miles of highway in the community.

The Police Department was kept very busy this past year trying to keep the automobile accidents and fatal accidents down. As we all know the town is steadily growing which puts a greater burden on the Police Department with more buildings, also more homes and more businesses to watch over. Beginning in January 1980, all part-time Police Officers will be required to pass a certification exam making them certified by the N.H. Police Standards & Training Council. Unlike some towns in the area, all members of the Kingston Police Department have attended the Part Time Officers School which will aid them in being certified. The other town's officers will have to attend these schools before being able to take the certification exam. This puts Kingston in front to lead the way for a better Professional Police Officer.

BUILDING INSPECTOR'S REPORT

FROM: FRANK E. MURPHY, BUILDING INSPECTOR

The following report summarizes my activities for the period beginning April 22, 1979 thru December 31, 1979.

191 Structure inspections
 19 Pre-Structure site inspections
 90 Structure completions

Respectfully Submitted,

REPORT OF THE KINGSTON FIRE DEPARTMENT

During the year the Kingston Fire Department has responded a total of 82 items as follows:

9 Chimney	Industrial 2
2 Woodstove	Dump 4
2 Furnace	Structural 12
1 Gas Leak	Power Failure 1
2 Electrical	Car 5
5 Wash downs	Accident to Assist Police 9
1 Dryer	Brentwood County Home 6
10 Grass	Drowning by Snowmobile 1
2 False Alarms	Mutual Aid calls out of town 8

Mutual Aid has been called to Kingston 12 times and the Newton Department has responded once with the Jaws of Life to assist at an accident.

I have made many inspections of chimney and woodstove installations as a result of the Board of Selectmen issuing permits. I have recommended that many of these installations be corrected in order to fulfill the requirements of the State of New Hampshire. As you can see by the figures listed above, the total of fires involving chimneys and wood stoves continues to increase. Utmost caution should be used by all residents while using woodstoves. It is advisable that all homeowners should have their chimneys checked and cleaned if necessary. 642-5512 is the number to call to report a fire or call for ambulance assistance.

I would like to extend my thanks and appreciation to all residents and members of the Fire Department for their assistance and co-operation during the past year.

Chief Frank R. Fellows

1979 AMBULANCE REPORT KINGSTON, N.H.

In 1979 the Kingston Fire Department Ambulance Service experienced its most active year with a record number of 265 calls. This represents an increase of 35% over the previous years calls. The calls per month this year have steadily

increased with September peaking with 36 calls and 5 of these calls occurred within a 24 hour period.

The present ambulance service consists of 13 licensed EMT's and 2 RN's. Each of the attendants has duty an average of 5 nights and one Sunday per month which totals 84 hours of donated time. It's a lot of time given by so few people to insure this town has 100% ambulance coverage. There are presently three more individuals that are taking an 110 hour EMT — a course with a scheduled completion date in mid-June and at that time they will become active members of the ambulance service.

The ambulance service is now and has been for the last year working under contract with the Town of Newton to provide them with ambulance service on a 24 hour basis. This contract amount of \$6000.00 along with fees and donations from other calls has totaled \$8801.00. This money has been placed in a special account for the future replacement of the ambulance per Article 21 of the 1979 Town Meeting.

At this years Town Meeting we will be asking the town for authorization to use the money that has been previously set aside for a new ambulance over the past three years and to appropriate a sum of \$12,000.00 so that we can replace our current 10 year old ambulance. Our existing ambulance is a 1970 Cadillac and is now starting to show signs of body deterioration in the under carriage, floor, doors and fenders, with the floor already requiring a metal patch to pass inspection. We have also experienced mechanical and electrical problems due to the age of the vehicle.

The ambulance that we are seeking is a 1980 Type I Modular ambulance with an all aluminum module and a GVW of 10,500 lbs.

This ambulance will be built per current Federal KKK specifications and specifications written by the ambulance committee. We also feel that this type of ambulance will serve the needs of the town for the next 10-12 years and will allow us to bring our ambulance up to today's standards for a class A ambulance. The people who will benefit the most from purchasing a new ambulance will be the residents of Kingston.

I would also like to extend my thanks to all the members of this service for their dedication and to all the people in this

town who have made donations and given their support over the past year. It's greatly appreciated and I hope it will continue.

Respectfully submitted,
James A. Bastien, Director
Ambulance Service

REPORT OF THE KINGSTON DOG OFFICER

A sincere thank you to the people who have donated their time, money and food to keep the unfortunate strays alive in Kingston. A special thanks to my wife Brenda who refuses to give up and has found homes for so many animals.

You will note that dog registrations are up again this year and I must mention that this is the result of much hard work and many hard feelings toward the Animal Control Officer. Violators seem to feel that I am to blame for laws that they do not agree with. It hurts to know that friends are sometimes lost over an unregistered or loose animal, but I know that our animals have been safer and neighbors happier by my actions against the violator. Registration and leash laws are for the good of the public as well as the dogs. A dog's tag is it's only link to it's owner and it's leash is it's only protection from a sometimes cruel death.

I urge the public of Kingston to do the right thing for their pets. I will remain ready to assist you.

REPORT OF THE KINGSTON MEDICAL FACILITY COMMITTEE

As voted by Article 31 at the last Town Meeting, a Medical Facility Committee was appointed by the Selectmen to investigate and study the options available to establish a medical facility to meet the needs of the people of Kingston.

The Committee was comprised of citizens with a variety of backgrounds. Included were representatives of medical-health fields, building contractors, businessmen, retirees and others. Our Selectmen and Town Clerk served actively with the Committee. The main Committee was divided into the following sub-committees to study specific facets of the proposal:

Site Committee
Building Committee
Finance Committee
Recruitment-Needs Committee
Publicity Committee

Many meetings have been held with open and frank discussion of options, issues, and philosophies of medical care and facilities. Although not always in complete accord, the Committee was able to agree in principal.

As a result of its investigations, the Medical Facility Committee makes the following recommendations to the voters of Kingston:

1. The Medical Facility Committee shall be a non-profit corporation to own and operate the medical building. This non-profit corporation will function in the best medical-health interests of the community. It will be separate from the town government of Kingston and thus will not be a financial tax burden on the Town.

2. The Medical Facility Committee will arrange for and supervise construction of a medical building. Once completed, the Committee will be responsible for maintenance, supervision and leasing of adequate office space for a family physician. The remainder of the space within the building shall be utilized for auxillary health services that the Committee feels will be of value to the community, with the stipulation that space be made available for additional physicians as the need arises. It has been agreed that any monies derived from the

rental which exceed the necessary operating-maintenance costs of the medical building will be expressly used for the health needs of the citizens of Kingston, N.H.

The Committee unanimously voted to express its sincere appreciation to the Bake Family for the offer of its property on Main Street. The land area is not sufficient to meet the subdivision requirements of the Town, and is located within the Single Family Residential Zone. This offer from the Bake Family certainly was the catalyst in initiating the study of the feasibility of such a proposal.

The Committee recommended the acceptance of an offer of a parcel of land by Mrs. Andrew Christie in memory of Andrew Christie. The land, located at the junction of Church Street, Route 107 and Route 125, meets all town regulations and the criteria established by the Site Committee.

If this parcel of land is to be used for the medical facility, it was voted by the Committee that the building be called the **Christie Medical Center..**

In an effort to move the program to completion the various sub-committees are actively drafting building plans, seeking interviews with family physicians, and drawing up by-laws and regulations.

The Committee welcomes discussion of these recommendations at Town Meeting. An article will be placed on the warrant to allow the Town to vote on this proposal.

KINGSTON PLANNING BOARD ANNUAL REPORT

This report covers the work of the Planning Board as it was constituted prior to Town Meeting and the Board as it reorganized after Town Meeting.

The Board held 12 regular monthly meetings on the first Tuesday. An additional 14 workshop sessions took place to enable the Board to complete its work on the subdivision regulations and begin work on a Master Plan and Wetland Zoning Proposal.

After the March Town Meeting the Board was reorganized as follows:

Daniel W. Burbank	1983, Chairman
Eileen M. Nash	1982, Secretary
William Rent	1980
Robert L. Morse	1981
James Rankin	1984
Michael Petullo (resigned)	
Bruce Goodwin (appointed as replacement)	1981
John Reinfuss	1980

During the year 7 subdivisions totalling 84 building lots were approved, many with restrictions to protect the town's precious water supply. One subdivision was denied and subsequently the Board was taken to court over its decision. The decision of the board was upheld by the court.

Throughout the year the Planning Board worked closely with the Conservation Commission. Every proposed subdivision was inspected by a joint site inspection team comprised of members from both Boards prior to any decision. The Conservation Commission joined us for many workshop sessions to help develop our new subdivision regulations. The Boards held a number of joint meetings in late summer when confronted with a subdivision bordering Half Moon Pond that had considerable wetland valuable to the environment of the pond. A Conservation Easement Agreement resulted - a first for our town, which at this time is without wetland zoning protection.

The representatives of Southern Rockingham Regional Planning District Commission assisted our Board at so many phases of its work this past year. They were present at many workshop sessions and the joint meetings with the Conservation Commission. Their assistance has been invaluable. Most recently they have stepped in to help the Board start the preliminary work for the Master Plan, which is required by state law.

Mr. Kenneth F. Briggs, Jr., our Town Engineer, attended most of our regular meetings and workshop sessions. During 1978 and 1979 he assisted the Board draft and re-draft the new subdivisions regulations until the final result was achieved. He has lent his expertise and experience to advise us on any matters pertinent to his field which came before us throughout the year.

Amendments to the Zoning and Building Code were proposed and passed by the Town Meeting. Included were changes in the boundaries of the Single Family Residential District and creation of a new Single Family Residential Agricultural District. An amendment to control conversion of seasonal residences to year-round will assure that such conversions are only allowed when the town and state regulations on septic installations can be met. Meetings with representatives of the business community resulted in alterations to the sign ordinance.

KINGSTON RECREATION COMMISSION

ANNUAL REPORT

In the winter of 1979 we started the year off with disco lessons offered to adults and teenagers where 22 teens and 47 adults participated.

In the spring, the Senior Citizens went to Boston and in the fall, they enjoyed a trip to Edaville Railroad.

Summer was filled with a big swim program held at the State Park with instructor Rosemary Putnam and assistant instructor Julie Richard. 147 children registered.

The playground was directed by Terri Demaine with assistant director Wanda Ireland. There was an average of 52 children everyday to take part in a full program of sports, games and field trips. Director of the arts and crafts program was Barbara Lawrence.

The tennis courts were attended by Kim Hughes, Julie Baldwin, Jennifer Dutton and Chris McCarron.

In July, we sent our track stars to the Hershey Track Meet in Concord, N.H.

The Kingston Community Theatre presented two plays "Brigadoon" in the Spring and "Harvey" in the fall.

In the fall, we held the first "Grand Prix" tennis tournament at our tennis courts. There were women's singles and doubles. And men's singles and doubles. There were T-shirts given to all.

In the fall, we gave a halloween party to all the children in town. Children age 4 - 2nd grade had their party from 4:00 - 5:30 in the afternoon. They had a magic show, prizes for costumes and were served hot dogs and a drink and given trick or treat bags. Children 3rd grade - 6th grade had their party from 6-8:00. They had a sing-a-long, spook house, cider and doughnuts, costumes were judged and they were given trick or treat bags. Grades 7-12 were at a dance from 8-10 p.m. with a disc-jockey, cider and doughnuts. It was the best ever according to the kids in town.

In December, we decorated the band-stand on the plains with a christmas tree, Laurel wreaths, ribbons and garland and flood lights.

I want to thank my fellow workers for also donating their

time to the town of Kingston.

HISTORIC DISTRICT COMMISSION

1979 has been an interesting and precedent setting year for the HDC . Overshadowing all other business was the consideration of a proposed office building in Historic District One on Main Street. The subsequent hearings, approval by the HDC, challenge by abutters and upholding of the challenge by the Board of Adjustment has provided more interest in Historic District proceedings than any other previous issue.

It is my hope as I complete my term on the HDC, that the controversies of the past year will continue to stimulate and maintain interest in the commission. It is hoped that this interest will carry over into a willingness to Kingstonians to serve on the Historic District Commission.

SOUTHERN ROCKINGHAM REGIONAL PLANNING DISTRICT COMMISSION

The Southern Rockingham Regional Planning District Commission (SRRPDC) is an association of areawide municipalities providing its members with advisory planning services, primarily respecting land use, housing and transportation. Kingston has been an active member since shortly after the Commission's creation in 1970.

During 1979, the SRRPDC responded to a variety of requests from Kingston for assistance, most of them from the Planning Board.

The principal activity involved discussions on how best to update the Town's comprehensive plan. It appears that the Board is now decided on a course for preparation of an updated town plan. The SRRPDC has and will continue to collaborate with the Board in that endeavor.

The regional planning agency is also in the process of preparing an inventory of Kingston's historic and cultural resources. This time-consuming process will entail the cataloging, dating and photographing of Kingston's principal historical structures.

The other principal SRRPDC activity has been completion of its Draft **Water Quality Management Plan**, and the provision of information to Kingstonsians concerned about local water quality problems. It is hoped that such information will be helpful in abating some of the surface water quality problems of greatest concern to townspeople.

It is also our hope that 1980 will bring the town closer to some basic decisions about the shape of its future, and that with a clear vision of its planning objectives, the SRRPDC can continue to serve the Town of Kingston.

EXETER AREA VISITING NURSE ASSOCIATION, INC.

The Exeter Area Visiting Nurse Association, Inc. is a community health service that provides health care to individuals and families in their home, in the office, or in clinics. The care may be to prevent disease, promote, maintain, or restore health or it may be to minimize the effects of illness or disability.

The Association is a non-profit agency governed by a Board of Directors. This Board is made up of people who are appointed by the selectmen in your town.

Funding for the Association comes from Medicare, Medicaid, patient fees, local taxes, and donations. Town appropriations make the service available to the town.

HOME CARE - Professional nurses give care to the sick and disabled under medical direction, teach and supervise care by the family and others. They are responsible for the management of patient care, coordinating the services of other disciplines, within and out of the Agency. Care is family centered and consideration is given to the total needs of the patient and family for health promotion and disease prevention and rehabilitation as well as care and support during the dying process.

MATERNAL AND CHILD HEALTH - Free visits are made to new or expectant mothers to provide information and instruction in the care of themselves and their babies. Well Child Clinics are held twice a month and provide the following services: Physical exams by a local physician, immunization, hearing and vision screening, lead and urine testing, special counseling, family planning and referral when appropriate. The Clinics are for infants and preschool children.

ADULT HEALTH SCREENING - Clinics are held twice a month to check blood pressure, provide diet and medication counseling, and general health instruction. Referrals are made when appropriate. Plans for 1980 include increasing the number of these clinics.

FLU CLINICS - Clinics are held each fall to immunize hi-risk (65 and over or chronic disease) persons against influenza. The number of these clinics was increased this year from two to twelve.

**THERE IS NO CHARGE
FOR ANY CLINIC SERVICES.**

The Association has many valuable volunteers who work at the clinics in addition to staff.

MENTAL HEALTH - Visits to persons who have mental and/or emotional problems. Coordination between patient, family, psychiatrist and community.

CONTINUING CARE - An Agency nurse is in the local hospital part of each day to assist in planning, coordinating and arranging for care at home so that a person can move from hospital to home without any interruption in care.

8,773 units of service were provided to residents of the service area between January 1, 1979 and October 31, 1979.
